Students Served

Fine Arts for Children & Teens (FACT) is a 19-year-old nonprofit organization dedicated to enriching the lives of northern New Mexican youth with innovative visual-arts learning programs. FACT empowers and transforms lives by building self-esteem, improving social and language skills, increasing interest in learning, and bringing joy through creativity and personal expression. In 2008, FACT reached 4,200 youth ages 4-21 at public schools, at our ARTbarn community studio and through multiple partnerships with community agencies serving high-risk youth. The reduction in the number of students served from the prior year is due to a drop in enrollment at several of the schools we serve. FACT also held more than 30 exhibits of student artwork throughout the community. Thank you for supporting art education programs for New Mexico children and youth!
